ANNUAL TOWN MEETING WARRANT

State of New Hampshire

To the inhabitants of the Town of Haverhill in the County of Grafton qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday, March 14, 1967, at ten o'clock in the forenoon, to act on the following matters:

Article 1. To choose a Town Clerk.

Article 2. To hear the reports of the Selectmen, Treasurer, Cemetery Commissioners, and any other Town Officers heretofore chosen, and to pass any vote relating thereto.

Article 3. To choose one Selectman for the term of three years, a Town Treasurer, one Highway agent, one or more auditors, one Library trustee for the term of three years, one Cemetery commissioner for the term of five years, one Trustee of Trust Funds for the term of three years, and all other necessary Town Officers.

Article 4. To see if the Town will vote to contribute funds for the construction of Class V Highways, as provided in Chapter 118 Part 13, Laws of 1945, as amended.

Article 5. To see if the Town will vote to make any alterations in the amount of money to be raised and appropriated for the ensuing year for the support of the Town as recommended by the budget committee in its report, to raise and appropriate all sums so determined for said purposes, and to pass any other vote relating thereto.

Article 6. To see if the Town will vote to authorize the Selectmen to issue interest-bearing notes or orders to provide for expenses of the current year in anticipation of taxes.

Article 7. To see if the Town will vote to authorize the Selectmen to distribute inventory blanks by mail, or at the time they examine the taxable property.

Article 8. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's Deeds.

Article 9. To see if the Town will vote to appoint or elect a Budget Committee to supervise the appropriations of the Town, and to recommend to the next annual Town Meeting the amounts to be raised for various purposes, such recommendations to be printed in the next annual report.

Article 10. To see if the Town will vote to authorize the Selectmen to convey by Quitclaim Deed all its right, title and interest in the bridge, known as the Bedell Bridge, to the State of New Hampshire, for the purpose of Public Park and recreation.

Article 11. To see what action the voters will take with reference to the time of day future Town Meetings shall be held.

Article 12. To see if the Town will vote a sum of money for the support of the White Mountain Community Services.

Article 13. To transact any other business proper to come before said meeting.

Given under our hands and seal this 13th day of February A.D. 1967.

REPORT OF THE SELECTMEN

To the Citizens and Taxpayers of Haverhill:

The past year has been very busy and productive for our Town. Several conferences with the staff of Town and Country Homes, Inc. have proven most satisfactory. We have noted the influx of many out-of-staters through the real estate transfers, other than the Mountain Lake Project.

This past fall we found that the immediate purchase of a new Grader was necessary to be ready for winter work. A new Austin-Western Grader was purchased. The Road Agent is to be commended, for it has been his diligence and maintenance which carried our old Grader these past five years.

During this year we look forward to two projects which will improve travel in our Town. The straightening of Route 10 which will eliminate the Cemetery turn on Horse Meadow, and the Route 302 extension in Woodsville which will straighten out a bad situation between Beech Street and the junction of Route 10.

It is with a sense of loss and regret that we note the death of Oscar Stone, a town official. It was through the continued efforts of our Cemetery Commission and the tireless work of Oscar that all of our cemeteries have been brought to their present standards.

Again we urge a careful study of the material submitted in this complete report, and we welcome any questions.

We are grateful for your continued support.

HAVERHILL POLICE DEPARTMENT

To the Selectmen:

Herein I submit my second report as Police Chief of the Town of Haverhill.

There were 310 calls received during this period and I have classified them as follows along with the man hours involved:

Motor Vehicle Cases	62
Man Hours	98
Criminal Cases	51
Man Hours	340
Miscellaneous Cases	166
Man Hours	220

This has been a very busy year. Our cruiser patrol is increasing with the new Mountain Lake Development. There have been more calls outside the Woodsville District.

There is a great deal of paper work. The State requests more reports each year, so that the office work becomes more complex.

I want to thank the Selectmen, the Woodsville Fire District, and the general public for their cooperation this year.

I am very pleased with our low rate of juvenile problems here. It is really enlightening to see this, with all the juvenile problems elsewhere.

Sincerely,

JOHN A. RODEN, *Chief*
Haverhill Police Department

*Program of the White Mountains
Region Association 1966 (29th year)*

Printed and distributed more than 300,000 folders and booklets promoting the White Mountains Region.

Received and answered 15,000 individual inquiries which represents an increase of more than one hundred per cent over last year.

Wrote sixteen news releases for the use of local media and five newsletters to the members, promoting economic development ideas in the region.

Supported the 4-H awards program to encourage development of agriculture.

Assisted in programs of natural beauty and good land-use practices.

Presently are initiating a program of ski area engineering research to combat the snow erosion problems at ski areas.

Worked in cooperation with many other groups working to promote the economy of the White Mountains Region and the State of New Hampshire.

FOREST FIRE WARDEN FIRE RECORD

Fire records are made by people—those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966.)

This enviable record is largely due to two factors:

1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.
2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres—a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

1. If you must burn you will need a permit. Permits are not issued between 9:00 a.m. and 5:00 p.m. except on rainy days. Permits are not needed when the ground is covered with snow. To minimize risk the best way to dispose of rubbish is at your authorized town or municipal dumping area.
2. Be sure all discarded smoking material is out.
3. Don't leave a live camp or cooking fire.
4. Most important—Instruct your children that matches are not play things.

Truly — Only You Can Prevent Forest Fires

We had 4 fires in Haverhill in 1966. These 4 fires only burned $\frac{1}{2}$ acre. We issued 365 permits during this year. We can better this record if everyone cooperates.

LAURENCE E. SMITH
Town Fire Warden

WOODSVILLE PUBLIC LIBRARY**REPORT OF TRUSTEES**

The year 1966 was, as usual, a busy one for our library. In one way it was a disappointing one as it became necessary to postpone the much needed enlargement of the building. Excellent plans were prepared by an architect and accepted by the trustees. When put up for a bid the lowest bid was approximately \$20,000.00 more than the available funds. We would suggest to public spirited citizens the serious consideration of either gifts or legacies to our library, to be restricted to capital improvements.

During the year 18,668 books were circulated, including 2,524 from the Bookmobile and several hundred non-fiction volumes directly from the State Library in Concord.

In the spring a ten week extension course in cataloging was attended by both the Librarian and her assistant. This course was held in Littleton weekly, sponsored by the N. H. Library Extension Service. A one day workshop on Public Relations was attended by the Assistant Librarian and two of the trustees.

Throughout the year there have been special displays with appropriate books, posters, and other materials in observance of Valentine's Day, Easter, National Library Week, Halloween, Thanksgiving, and Christmas.

During the summer 57 elementary school children joined a reading club and turned in reports of books read. The weekly story hour for pre-school children was conducted by Mrs. Kay Conrad.

The library has been used more and more by students for reference work with at least a dozen reference requests daily. Because of the increased use of the library the question of space has become critical. There is not room for both student reference work and adult reading to be done simultaneously. The work with the school students is of great importance but the library should also serve as a reading center for our citizens.

WOODSVILLE RECREATION

The Woodsville Youth Recreation Program commenced July 5th for youngsters in grades 2 through 8 from the Woodsville-Wells River Area. There were 79 girls and 84 boys registrants for the summer program that lasted 6 weeks. The youths participated in activities placed on a rotating schedule in order to provide a variance of team and individual skills. The afternoon session allowed the children to soak up some sun, water and swimming instruction at Halls Lake. The summer season terminated August 12th, following competition in the Field and Swim Meet held at the Community Field and Halls Lake.

Under the guidance of a competent coaching staff, the Woodsville summer baseball leagues turned out to be quite successful. Pete Brunelle and Vern Leafe led the Babe Ruth team to a winning season. The Little League title was won by an undefeated Rotary sponsored team under the coaching of Terry Lockwood and Fred Bailey. The Little League program was climaxed by a trip to see the Boston Red Sox play the New York Yankees as guests of the Red Sox management. Needless to say, the 60 boys enjoyed themselves immensely and appreciated all of the work of the team coaches, sponsors and local business men who made the trip a reality.

Night basketball proved to be a big attraction for some 25-30 boys in the area. The program lasted for 4 weeks followed by a 2-week soccer instructional period.

The 1966 Youth Center began October 29th and has had excellent attendance. Crowds have run as high as 300 for Saturday night dances featuring a band. Thus far, we have been fortunate to have a band approximately 8 times since opening night.

The 1967 Little League Basketball Program will get underway toward the latter part of February for boys in the 9-12 age group.

In summary, I would like to thank all of the parents, coaches, and local merchants who helped make this year a successful one for the Woodsville Youth Recreation program.

Respectfully submitted,

ROBERT L. RICHARD
Recreation Director

SCHOOL WARRANT
The State of New Hampshire

To the Inhabitants of the School district in the town of Haverhill qualified to vote in district affairs:

You are hereby notified to meet at the North Haverhill School Auditorium on the 23rd day of March, 1967, at eight o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
- 3a. To choose a Member of the School Board for the ensuing one year.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the State Foundation Aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the District will vote to raise and appropriate the sum of \$7,000.00 to support a kindergarten class in the Haverhill School District.
10. To see if the District will vote to raise and appropriate the sum of \$800.00 toward the support of the Driver Education program at the Academy.

11. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.
12. To see if the district will vote to authorize the application of any unanticipated income to expenses.
13. To transact any other business that may legally come before said meeting.

Given under our hands at said Haverhill this 4th day of January 1967.

1966-1967

Your superintendent's report this year will be a short discussion of local vs. state control education in New Hampshire and how it affects our area.

Many taxpayers in New Hampshire feel that the local citizenry has complete control over the education of its local youngsters. Nothing could be farther from the actual truth.

In New Hampshire, the State Board of Education has control over education as it pertains to teacher certification, school curriculum, school building aid, state foundation aid and several other areas. But, to be as brief as possible, let me discuss the major areas.

Your superintendent of Schools cannot recommend for employment to your school board a teacher who has not first been certified by the New Hampshire Department of Education.

In the area of curriculum each school in the state, elementary or secondary, must comply with a set of minimum standards as defined by our state consultants. Furthermore, we also have a group in the United States who would like a national curriculum.

Before any school district may construct a school building in New Hampshire it must submit detailed specifications to the state department before approval for state building aid will be allocated.

If a school district complies with the aforementioned requirements it can then be considered for state foundation aid (state aid as we know it). This aid is ascertained on a need basis and the general philosophy is to attempt to equalize educational opportunities throughout the state by giving poorer school districts additional funds which they otherwise would not be able to secure without undue hardship on the local property taxpayer.

In the Granite State, the Department of Education has not attempted to foist its philosophy on local school districts but has tried to improve educational opportunities through mutual determination of local policy. A good example could be the reorganization of school districts. Presently, the department has tried to provide guidance and leadership in developing regional districts but the day is drawing closer where we will be told

how, where and when we will regionalize, or state foundation aid will not be forthcoming.

The point is very clear, either we solve our problems locally or we will lose what little local control we have left and, in addition, lose state help. If you are thinking of "going it alone" please refer to the revenue section of your local budget and check the totals under Sweepstakes, Building Aid, Needy District Aid and Foundation Aid.

May I take this opportunity to thank the school board, teachers and taxpayers of Haverhill, for their support during the past year.

Respectfully submitted,

NORMAN H. MULLEN
Superintendent of Schools

For the 1966-1967 school year other needed improvements have taken place at the Academy. Perhaps in no other high school of comparative size can there be found a library serving the students in an efficient manner as the one we now have. Through the generous donations of Mrs. Sanborn and Mr. Merrill funds were made available for improving the high school and it was felt that by enlarging and renovating the old library room making a comfortable, enjoyable place in which to work and study would best benefit the needs of all the students at the school. Excellent lighting, large study tables, wall to wall carpeting, pleasant surroundings, and above all many more volumes of reference books and periodicals have been added to make this library one of the better improvements to the school in recent years.

The entire second floor of the main building has been painted and it is hoped that by another year some of the floors can be tiled and new front doors can be added to both buildings.

A new adding machine and three new typewriters were purchased for the business department and a new movie screen in the visual aids. We hope to be able to bring our science department up-to-date next year by adding to the materials and equipment.

A special English class was added to help the slow reader and to give more individual help to those students having difficulty in the adjustment from grade school to high school.

WAYNE L. EVANS

The annual Dental Clinic was held in the spring. Pupils went to the clinics from grades 1 - 4. There were six mornings from 9 to 12. Pupils were transported by volunteers. Our drivers this year were Everett Sawyer, Roy Dunkley, Persis Moses, Alice Girouard, Bertha Farnham, Denise Ryan and Marjorie Wardrop. We certainly appreciate these people that provide transportation for the dental clinic. Fifty-nine pupils attended the clinic.

The Crest Company furnished materials and tooth brush kits again this year. Dr. Jamback visited the 3rd grade classroom and gave an interesting talk on good dental health and with the help of pupil volunteers demonstrated proper tooth brushing.

The Cohase Lions Club sponsored eye examinations and glasses when needed. We are grateful to the Lions for their continued assistance through their Sight Conservation Program.

I want to thank everyone that gave clothing throughout the year.

Routine screening vision and hearing tests were done and referrals made.

Several professional meetings were attended during the year.

The meetings held in Littleton at the White Mountain Community Services Inc. Center were especially helpful. Several times during the year the school nurses in this area met with the staff of doctors and social workers. Special problems were discussed at these meetings. Referrals can be made for psychological testing and counseling at this center.

I want to thank Mr. Mullen, Mr. Wayne Evans, Mr. James Morrill, the teachers, parents and children for their continued interest and cooperation in the school health program.

1966-1967

You superintendent's report this year will be a short discussion of local vs. state control education in New Hampshire and how it affects our area.

Many taxpayers in New Hampshire feel that the local citizenry has complete control over the education of its local youngsters. Nothing could be farther from the actual truth.

In New Hampshire, the State Board of Education has control over education as it pertains to teacher certification, school curriculum, school building aid, state foundation aid and several other areas. But, to be as brief as possible, let me discuss the major areas.

Your superintendent of schools cannot recommend for employment to your school board a teacher who has not first been certified by the New Hampshire Department of Education.

In the area of curriculum each school in the state, elementary or secondary, must comply with a set of minimum standards as defined by our state consultants. Furthermore, we also have a group in the United States who would like a national curriculum.

Before any school district may construct a school building in New Hampshire it must submit detailed specifications to the state department before approval for state building aid will be allocated.

If a school district complies with the aforementioned requirements it can then be considered for state foundation aid (state aid as we know it). This aid is ascertained on a need basis and the general philosophy is to attempt to equalize educational opportunities throughout the state by giving poorer school districts additional funds which they otherwise would not be able to secure without undue hardship on the local property taxpayer.

In the Granite State, the Department of Education has not attempted to foist its philosophy on local school districts but has tried to improve educational opportunities through mutual determination of local policy. A good example could be the reorganization of school districts. Presently, the department has tried to provide guidance and leadership in developing regional districts but the day is drawing closer where we will be told how, where and when we will regionalize, or state foundation aid will not be forthcoming.

The point is very clear, either we solve our problems locally or we will lose what little local control we have left and, in addition, lose state help. If you are thinking of "going it alone" please refer to the revenue section of your local budget and check the totals under Sweepstakes, Building Aid, Needy District Aid and Foundation Aid.

May I take this opportunity to thank the school board, teachers and taxpayers of Woodsville, for their support during the past year.

Respectfully submitted,

NORMAN H. MULLEN

Since the very establishment of our nation, the American people have held the firm belief that the welfare of our country largely depends upon an educated citizenry. This assumption does not imply that the educational emphasis must be restricted or primarily devoted to the training of professional scientists or scholars. Until recent years, there has been a tendency among many members of the educational society to lean toward the preparing of our college-bound students but to neglect the needs and aspirations of less fortunate children. Today, however, the doors of opportunity are opening to these students with the passage of such legislation as the Vocational Education Act, the National Defense Education Act, and the Elementary and Secondary Act of 1965. Not only does this type of support provide our children with greater educational opportunities and services on both the elementary and secondary levels, but it also provides many students with a greater incentive to continue their formal education.

In a world of thermonuclear capabilities, expanding populations, and great technological changes, we must constantly examine, reevaluate and support our educational systems, for it is the next generation who will be called upon to make the vital decisions. Our children must be adequately prepared to think clearly, deeply, and objectively about these issues.

It is with these thoughts in mind that Woodsville High School is attempting to meet the challenge of today's society by providing a curriculum which will prepare all of our students more adequately for this life adjustment. The inclusion of the three-tract English program on all grade levels is evidence of the attempt to meet the needs of all students more effectively. Such groupings have been extended to other areas of instruction. Evidence of student achievement can be illustrated with

over 60% of the graduates of 1966 now attending institutions of higher learning. Woodsville High School has also received accreditation as a comprehensive high school for 1966-67 from the New Hampshire State Department of Education.

The effectiveness of the guidance program has been enhanced by increasing counselor time for guidance instruction and testing. In addition to the national and state testing services, the guidance department now has greater opportunity for administering individual tests including the Kuder-Preference, Wechsler Intelligence Scale, and the Stanford Benet Intelligence examinations.

Woodsville High School saw a number of changes in teaching personnel in the fall of 1966. Mr. John Bagonzi replaced Mr. Frederick Wolfe in the Science Department; Miss Joanna Grummon assumed the duties of Mr. Jules Cote in the French Department; Miss Sheila Maguire undertook the work of Mrs. Marion Mullen in the English Department and as librarian; Mrs. Rhoda Ansley and Miss Bernadette Gotovich joined the faculty in the areas of mathematics and English respectively.

In the field of extra-curricular activities, our dramatic, musical, and athletic endeavors continue to be an important aspect of the school's educational program. Under the very capable direction of Mrs. Mullen, the Drama Club presented a series of plays in the fall and spring. The school chorus and band under the fine leadership of Miss Emery and Mr. McLure presented many delightful and entertaining programs throughout the school year. These musical groups also participated in many interscholastic events including the New Hampshire All-State Music Festival, New England Festival, and Combined Concerts.

Interest continues to be extremely high among the students for our many clubs and organizations. Special recognition must be granted to the Science Club for its diligent efforts in sponsoring a trip for many of the students to the Boston Museum of Science; to the French Club for its conscientious work to enable one of its members to visit France during the summer of 1966 under the France Foreign Student Exchange Program; and to the National Honor Societies for their unselfish work in providing scholarship aid for many of our graduating seniors.

Athletically 1965-66 might not be considered an outstanding year from the viewpoint of the won and lost records for our boys' teams. However, our girls' basketball team did have an undefeated season. It should be stated that much was gained

in the areas of experience and maturity which should provide for brighter days for the future teams in baseball, basketball, and soccer at Woodsville High School.

I wish to thank sincerely the School Board, Mr. Mullen, the Woodsville High School faculty, and the people of Woodsville and the surrounding communities for their cooperation in making this year a most rewarding educational experience.

Respectfully submitted,

DONALD R. EVANS
Principal

WOODSVILLE GRADED SCHOOL
REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

I submit herein my annual report of the Woodsville Elementary School for the year ending December 31, 1966.

The school enrollment as of the writing of this report is 320 pupils. The enrollment by grades is as follows: Kindergarten—28, Grade 1—28, Grade 2—31, Grade 3—40, Grade 4—34, Grade 5—37, Grade 6—38, Grade 7—32, Grade 8—52. Grades 3 and 8 are split into two sections and kindergarten has a morning and afternoon session. When the new building first opened the enrollment was 368. There has been a drop in enrollment of 48 pupils in the space of five years.

Two new teachers joined the Elementary School staff this year. Mr. Lloyd Steeves, a graduate of Plymouth State College, replaced Mr. Robert Wilmot teaching Social Studies and Mathematics in grades seven and eight plus coaching. Mrs. Kathleen White, a graduate of the University of Vermont, is conducting a remedial reading program in grades 1-3. This program is financed under Title I of the Elementary and Secondary Education Act. Children having difficulties in reading are, in this program, able to get much more individual attention than would be possible in a regular classroom situation.

Educational television programs from channels 3 and 8 are being used in several classrooms. These classes are in history, art, music and science.

The school lunch program under the supervision of Mrs. Virginia L. Bradley serves over 200 pupils and teachers each day.

The condition of the playground continues to improve each year as fertilizer and grass seed are added. A big difference was noticed this past fall in the amount of dirt tracked into the school and the children were able to use the large play area on many days that they would not have been able to before it was grassed over. The addition of a hardtop basketball court has provided the older boys with a fine play area. This basketball area before the hardtop surface was added was frequently muddy or dusty and could not be used. I recommend continued attention be given to the improvement of the playground.

A student teacher, Miss Maureen Black, was placed in the elementary school in the Spring of 1966 by Plymouth State College. Miss Black did her student teaching in the fields of Social Studies and Science.

The school library continues to be used extensively by the pupils. The library now has 1,154 books. In addition to these there are two sets of World Book Encyclopedia with 20 volumes each, 1 set of Compton's Encyclopedia with 15 volumes, 1 set Book of Knowledge Encyclopedia with 20 volumes, 1 set Golden Encyclopedia with 16 volumes and 2 sets Young People's Science Encyclopedia with 20 volumes.

The Music Department presented a Christmas Program. Spring Music Program, assemblies in observance of Veteran's Day and Memorial Day and the Junior High Chorus sang Christmas music at the Woodsville Hospital and the County Farm.

Woodsville Elementary School took part in the New Hampshire Grade Eight Testing Program. All eighth graders were administered Stanford Achievement Tests and the School and College Ability Tests. These tests are now being scored and interpreted by the Bureau of Educational Research and Testing Services at the University of New Hampshire. Stanford Achievement Tests are given all pupils in grades 1-7 and Otis Intelligence Tests in grades 3 and 6. Metropolitan Readiness Tests are given in the kindergarten in May.

I wish to thank Superintendent Mullen, the School Board and Faculty for helping make this a year of achievement for the Elementary School.

Respectfully submitted,

GEORGE C. MCKELVEY
Principal

Special Clinics and Referrals:

Dental Health Program—

1/27/66 296 pupils given dental exam at school by Dr. Jamback.

Following this examination nine morning dental clinics were held. These clinics were made possible through donations from the Lionesses Club and the Salvation Army. The amount from the donations was matched with State Dental Matching Funds. A total of 39 pupils were treated at these clinics.

We received free materials from the Crest Company to be used in a special dental health education program. In February Dr. Jamback came to the school and gave an interesting talk on good dental health, and with the help of student volunteers demonstrated proper tooth brushing. Tooth brush kits were distributed to all 3rd grade pupils.

The annual Tbc. skin testing program was done in grades 1, 4, 8 and 11. 102 pupils, plus 7 adults were tested. Five pupils and 2 adults showed positive reactions. Follow-up X-rays taken at the Cottage Hospital were negative.

Tetanus and Diphtheria Boosters were offered to pupils in grades 1, 4, 8 and 11. The vaccine is furnished by the Department of Health and the boosters were given by Dr. Eastman at school. Syringes and needles were donated by the Woodsville

Nurses Association. Boosters were received by 103 pupils and 6 adults.

One pupil attended the Pediatric diagnostic clinic held in Littleton 5/10/66.

Two pupils had chest X-rays when the Mobile Chest X-ray Unit was in the area 9/20/65.

One pupil was taken to Dr. Allen's office in Hanover, N.H., 10/4/65, 1/31/66, 2/28/66 and 5/9/66.

On March 15, 1966 a special educational program was sponsored by the American Cancer Society for high school senior girls and their mothers. Films were shown followed by a question and answer period. Dr. Eastman met with the group for discussion. We hope more mothers will be able to attend this program next year.

Dr. Eastman examined 132 pupils at the high school in conjunction with the Physical Education Program.

112 pupils were examined in grades 1, 4 and 8 at the elementary school.

All routine vision and screening tests were completed. Every child is given a vision test at school each year. Grades 1, 4, 8 and 11 have hearing tests. Included in the hearing test program also are new pupils to the school, and pupils that are having hearing difficulties. The latter are referred for testing by teachers, family doctors, and parents.

Learning difficulties can stem from vision and hearing defects. Every effort is made to find and correct physical defects.

I want to thank the Cohase Lions Club for their continued support through their sight conservation program. This organization is always ready to assist with funds for eye examinations and glasses when needed.

Several professional meetings were attended during the year.

Three conferences attended at the White Mountain Community Services, Inc. Center in Littleton were especially helpful. School nurses in the area met with the doctors and social workers at the Center to discuss problems and possible solutions. We are very fortunate to have the services of this facility in the North Country.

I want to thank the organizations and individuals that gave clothing to be used wherever needed throughout the year.

To each and every one that helped improve the total health of our school children, a sincere thank you.

I want to express my appreciation to Mr. Mullen, Mr. Evans, Mr. McKelvey, the teachers, Dr. Eastman and the parents and pupils for their interest and cooperation in the school health program.

Respectfully submitted,

MURIEL LAMOTT, R.N.
School Nurse

**REPORT TO HEALTH OFFICER TOWN OF HAVERHILL, N. H.
FOR THE YEAR ENDING DECEMBER 31, 1966**

A diabetic screening program was held for the first time in this area. The purpose of this test is to find the hidden or unknown diabetic and get him or her under the proper diet and treatment.

Diphtheria and tetanus booster shots were also given to school children in Grades 1, 4, 8, and 12.

Home visits were made in cooperation with health officer to prevent the spread of communicable diseases and other health nuisances.

With the advent of Medicare fewer home visits were made by the state public health nurse. This year her time was spent first with a 3 weeks course at the University of Michigan on Medicare, then assisting in certifying home health agencies in towns and cities who wanted to provide this service for their citizens. We are interested in rehabilitation of the elderly not just to add more years to his life, but to put more living in these added years.

Well Child conferences were also conducted for infants and preschool children where they received a physical examination by the physician and were immunized against whooping cough, tetanus, diphtheria, smallpox, polio and measles. Booster shots were given to those who needed them.

My sincere thanks for the cooperation received.

Respectfully yours,

LORETTA B. RUSSELL, R.N.
State Public Health Nurse
